Certification To Conduct Georgia Regulated Lead-Based Paint Activities

SUBJECT: Georgia Certification

Thank you for your compliance with Georgia's important rules intended to protect young children and others from lead-based paint in target housing and child-occupied facilities. Your participation is an important safeguard for the future.

For Lead Supervisors, Lead Inspectors, Lead Risk Assessors, or Lead Project Designers, you do not need to send your third party exam letter for the certification renewal unless your certification was allowed to lapse for one or more years. Third party exams are not required for Lead Workers.

For all lead disciplines, including Lead Workers, send the training certificate with your initial application and with your renewal application after taking the refresher course to confirm that your training is up-to-date. During the "off" or in-between years of training, we do not need to see the year-old original or renewal training certificate with your renewal application.

Georgia EPD reserves the right to request a copy of your third party exam letter or original training certificates under special circumstances.

Thank you.

jeremy Weir
